"Striking ile" is little talked of now in quarters where, a few weeks ago, it was the allabsorbing theme of conversation. The papers from those regions, instead of being smooth and oily, are rough and bristling with war items. They say they can hear of nothing but war, and that the people will read nothing but war news.

It is a conveniently arranged Band, containing a medicated compound, to be worn around the Waist, without injury to the most delicate persons; no change in habits of, living is required, and it entirely removes the disease from the system, without producing the injurious effects arising from the use of powerful internal medicines, which weaken and destroy the constitution, and give temporary relief only. By this treatment, the medicinal properties contained in the Band come in contact with the blood and reach the disease, through the pores of the skin, effecting in every instance a perfect carse, and restoring the parts afflicted to a healthy condition. This Band is also a mostpowerful ANT-Maccutal agent, and will entirely relieve the system from the peracelous effects of Mercury. Moderate cases are cured in a few days, and we are constantly receiving testimonials of its efficacy in aggraranted cases of long standing.

In our Grocery market we can only notice such a trade as we had a week ago in a small country jobbing business. Nothing is doing to establish quotations in a large way for any of the leading staples.

Proc. Woop: Thee wilt please accept a line to inform thee that the hair on my head all fell off over twenty years ago, caused by a complicated chronic disease, attended with an eraption on the head. A continual course of suffering through life having reduced me to a state of dependence, I have not been able to obtain stuff for caps, neither have I been able to do them up, in consequence of which my head has suffered extremely from cold. This induced me to pay Briggs & Hodges almost the last cent I had on earth for a two dollar bottle of thy Hair Restorative, about the first of Angust last. I have faithfully followed the directions, and the hald spot is now covered with hair thick and black, though abert. It is also coming in all over my head. Feeling confident that another large bottle would restore it entirely and permanently. I feel anxious to perseverve in its use, and belog destitute of means to purchase any more, I would ask thee if thee woulds not be willing to send me an order on thine agents for a bottle, and receive to thyself, the scripture declaration—"the reward is to those that arekind to the widow and the fatherless."

Prov. O. J. Wood: Dear Sir.—In the latter part of the year 1852, while attending the State and National Lsw School of the State of New York, my hair, from a cause unknown to me, commenced falling off very rapidly, so that in the short space of six months, the whole upper part of my scalp was almost entirely bereft of its covering, and much of the remaining portion upon the side and back part of my head shortly after became gray, so that you will not be surprised when I tell you that upon my return to the State of Indiana, my more casual acquaintances were not so much at a loss to discover the casue of the change in my appearance, as my more intimate acquaintances were to recognize me at all.

I at once made application to the most skillful physicians in the country, but, receiving no assurance from them that my hair would again be restored, I was forced to become reconciled to my fate, until, fortunately, in the latter part of the year 1857, your Restorative was recommended to me by a druggist, as being the most reliable Hair Restorative in use. I tried one bottle, and found to my great satisfaction that it was producing the desired effect. Since that time, I have used seven dollars worth of your Restorative, and as a result, have a rich ceat of very soft black hair, which no money can buy.

As a mark of my gratitude for your labor and skill in

buy.

As a mark of my gratitude for your labor and skill in the production of so wonderful an article. I have recommended its use to many of my friends and acquaintances, who, I am happy to inform you, are using it with like effect. Very respectfully, yours,
